Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1 Discover	Stage 2 Learn	Stage 3 Practice & Review
Actions <i>What does the customer do?</i>	Student identifies a topic or doubt. Chooses EduGenie and enters a question.	Student asks questions and reads AI explanations or summaries.	Student takes quizzes, checks answers and follows learning recommendations.
Touchpoint <i>What part of the service do they interact with?</i>	EduGenie home screen Question input Topic selection	Gemini-powered Q&A Explanation / Summary	Quiz module Results / Learning path
Customer Thought <i>What is the customer thinking?</i>	Will I get a simple and useful explanation?	Can Gemini explain this in an easy way?	What should I revise next?
Customer Feeling <i>What is the customer feeling?</i>	Curious but slightly unsure.	Supported and more confident.	Motivated and organized.

Process Ownership <i>Who is in the lead on this?</i>	EduGenie application team	Backend + Gemini integration	Learning module / application team
Opportunities <i>How can we improve this stage?</i>	Provide clear onboarding and an easy question entry flow.	Improve prompt quality and show concise, student-friendly answers.	Add useful quiz feedback and personalized revision suggestions.
